RECOVER CASH Pays Benefits Directly To You

GOOD NEWS! Due to medical advancements, more procedures are being performed on an outpatient basis. Hospital stays are shorter and recovery times may be quicker, but most people will still need some medical care during their recovery. Whether that additional care takes place in a nursing home or at home, most people rely on Medicare to cover those additional out of pocket expenses. Unfortunately, many don't realize Medicare coverage is limited and is often hard to meet specific requirements. **Recover Cash** was developed to help during those critical times when you need to focus on your well being and not worry about exhausting your life savings.

What You Can Expect...	*From Medicare	From RECOVER CASH
When you go to the Nursing Home	<p>Medicare will pay for the first 20 days if you have been an inpatient in the hospital for at least 3 days.</p> <p><i>Medicare doesn't cover long-term care or custodial care.⁽²⁾</i></p>	<p>RECOVER CASH pays benefits right away. No prior hospital stay is required.</p> <p>(Subject to meeting all the benefit qualifications described in your policy)</p>
While you're in the Nursing Home	<p>Medicare will pay as long as you are receiving skilled care on a daily basis.</p> <p><i>Medicare does not pay the largest part of long-term care services or personal care—such as help with bathing, or for supervision often called custodial.⁽³⁾</i></p>	<p>RECOVER CASH benefits are paid for all levels of care.</p>
Your Benefit Limits	<p>Medicare will stop paying when you no longer require skilled care, stop showing improvement or hit the maximum benefit of 100 days. (Which ever comes first)</p> <p>At the median in 2010, Medicare-covered SNF (Skilled Nursing Facility) days made up 12 percent of total patient days.⁽⁴⁾</p>	<p>RECOVER CASH benefits can be paid with plan choices up to 360 days.</p>

****This is not a Medicare Supplement Policy nor a Long Term Care Insurance Policy. This is a Short-Term Nursing Home Care Indemnity Insurance Policy.***
